Avoid the Three Cs

Be aware of different levels of risk in different settings

There are certain places where Covid-19 spreads more easily

- Crowded places** with many people nearby
- Close – contact settings** Especially where people have close – range conversations
- Confined and enclosed spaces** with poor ventilation

The risk is higher in places where these factors overlap. Even as restrictions are lifted, consider where you are going and stay safe by avoiding the Three Cs.

Pancha Sutras to prevent Covid-19
